

Homework Assignment 8

- Read through chapter 2 of the book except for Section 2.4 on Deterministic Context-Free Languages.
- Exercise 2.11
- Use procedure shown in class (handout in Canvas Files) to do Exercise 2.14.
- Problems 2.30a, 230d, 2.31 and 2.35.

Homework Policies: You may study together in small groups and discuss ideas about the homework problems before composing the solutions. You are expected, however, to write the solutions yourselves and not copy them from other students or share your solutions with other students. If you have worked closely with other students on particular problems, then you must mention the names of the people you have worked with and also the problems on which you worked together.
